Dear Vince:

Lt Colonel Harry M. Mitchell, USAF, who served in Paris with me has told me that he intends to apply to DIA for a further Attaché assignment in 1975 or 1976. I am delighted to hear this. He was an outstanding Officer with great professional competence and has a large number of friends in the French Air Force and the aerospace industry. His wife is charming and a fine representative of the U.S. I feel strongly he would be a real asset to the Air Attaché's office.

With every good wish,

As ever,

Vernon A. Walters
Lieutenant General, USA
